

Thank you for the generous support that the parish and friends have shown for the Masri's over the past few weeks. Although much has been contributed, and a piece of almost everything has been received, much is still needed, especially small items.

Please take a look at the attached list for any items that you could provide, either from the extras that you or your friends might no longer need, or new items you might like to purchase for the families. Please call Mary Loree (905-637-0105) for more information, including drop-off, pick-up and storage details. Please do not drop items off at the church.
